PROGRAMMING & ACTIVATIONS

Sounds of the Ocean Frost Planetarium Experience

7:45 p.m., 8:30 p.m., 9:15 p.m. and 10:00 p.m.

Location: Level 1, Frost Planetarium

Connect with the underwater world with this captivating show integrating high-resolution footage of whales and dolphins, original music, and visual art.

Snorkels Up

Location: Level 1, Main Atrium

Play along with our nautical version of the Heads Up! game. Encourage your friends to guess the marine-themed object on the card you hold to your forehead.

CleanThisBeachUp

Location: Level 1, Main Atrium / Periodic Table

Experience a ping pong and plastic pollution fusion with CleanThisBeachUp.

Shark Cart

Location: Level 1, Sharks

Get up close and personal with our live coral catsharks and learn how we care for these predators.

Meet the Divers

7:30 p.m. – 8:15 p.m. and 8:45 p.m. – 9:15 p.m.

Location: Level 1, Ocean Gallery

What does it take to maintain the Great Barrier Reef aquarium? Watch and learn from our divers as they work in this technicolor living space.

Guess the Marine Mammal Sound

Location: Level 2, meLAB

Test yourself on some marine mammal sound guessing games with the University of Miami Rosenstiel School Marine Mammal Science Lab.

SCUBA Demo with Squalo Divers

Location: Level 2, Aquarium: The Deep, Oculus

Learn about the engineering behind SCUBA diving from professional divers.

Ocean Trivia with Waterlust

7:30 p.m., 8:30 p.m., 9:30 p.m.

Location: Level 3, meLab

Test your nautical knowledge in a round of ocean trivia for a chance to win high-performance, ocean-inspired gear made from recycled plastic bottles.

Green vs Grey Infrastructure

Location: Level 3, Aquarium: The Dive

Discover coastal habitat restoration and importance of living shorelines with our Museum Volunteers for the Environment (MUVE) program.

Dive VR Experience

Location: Level 3, MeLab

Grab your air tank and dive into the ocean with our facilitators. You don't have to hold your breath for this virtual journey!

Coral Substrates Up-Close

Location: Level 3, The Dive Bar

See what a coral substrate looks like under the microscope and learn about the efforts being taken to preserve Florida's Coral Reef with The National Coral Reef Conservancy (ReeFlorida) at Frost Science.

Sea Turtle Obstacle Course

Location: Level 4, Outdoor Terrace, West Wing

“Crawl” from the ocean to the shore and back through an obstacle course highlighting the various challenges sea turtles face in the wild. Learn how to protect sea turtles with our partners at MORAES.

Stargazing

Location: Level 6, Florida Power & Light Company Solar Terrace

Join us at the Sun Spot to observe Jupiter, Orion, and other major objects visible in the spring night sky.

SIP, SNACK & SHOP

Power of Science Lounge & Space Bar

Location:

Level 1, Power of Science

Take a spin on our LED dance floor with music provided by **DJ Mike Sike**. Sit and enjoy signature drinks and other munchies available for purchase at the Space___Bar.

Food can only be consumed inside Power of Science.

Science Store

Open until 11:00 p.m.

Location:
