FROST SCIENCE

Corporate Partnerships

The Phillip and Patricia Frost Museum of Science (Frost Science) is grateful to the many corporate partners that have supported our mission over the years. Charitable contributions help us continue our work in providing community access to the museum, protecting coastal and marine habitats crucial to our environment, and expanding our enriching science education for young learners by providing them with access to hands-on STEM experiences, and inspiring them to become future scientists, innovators, and leaders.

Frost Science encourages corporate partnerships and offers numerous ways for your company to be involved. A sponsorship program can be tailored to meet your philanthropic and marketing goals.

Corporate partnerships support:

- Community access, engagement, and inclusion programs
- Educational experiences and interactive exhibitions
- Animal care and rehabilitation
- Professional development for local educators
- Mentoring the next generation of scientists, engineers, and environmentally conscious citizens
- Volunteer-based habitat restoration to enhance coastal environments
- Museum collection of artifacts and specimens

Corporate Partnership Benefits can include:

- Brand logo and/or written recognition on marketing collateral, including digital, print media, and website
- Onsite recognition
- Invitations to special events and previews
- Museum access for employees and clients
- Inclusion on advertising and marketing materials
- Behind-the-scenes tours
- Discount on museum facility rentals

Your corporate partnership will provide an incredible opportunity for Miami-Dade County residents to immerse themselves in the wonders of science. For further information contact: Edie Pearson, epearson@frostscience.org

Frost Science is a 501(c)(3) non-profit organization. EIN# 590854960. Corporate partnerships are tax-deductible to the extent allowed by law.
